

# Fill the Campground Campaign

## Campground/Trail Nomination Form Instructions

**Purpose:** The goal of the BCH-MN **Fill the Campground Campaign** is to inspire expanded use of equestrian trails and facilities in our state. We are lucky to have so many equestrian facilities here for our enjoyment. However, in times when budgets shrink, the first facilities to be closed or eliminated are those with little use. Use it or lose it, right? The **Fill the Campground Campaign** is intended to spread the word about our favorite places, especially those that might be lesser known, to inspire us to travel and ride in new locations, and show that we value these great equestrian facilities. A used facility is a valued facility. Help us assure that we retain the quality trails and campgrounds that we have in our great state!

**How do I nominate my favorite place?:** If you have a favorite riding and/or camping spot that you frequent, or have visited with your equine friend, consider nominating it on the attached nomination form. We are especially looking for those little known jewels that could use a little more traffic, but any nomination will be accepted.

Fill out the attached form with as much information about your nominated facility as you can and BCH-MN will do the rest.

We encourage the submission of a photograph or two of the facilities, especially pics that include you and your equine, and riding friends, enjoying their use. We prefer electronic submissions of the form and picture(s). Use either the fillable PDF version online or print the form and fill it out by hand. Save the fillable file, or take a photo of the hand-filled form, and email it, along with photo(s) to: [bchminnesota@gmail.com](mailto:bchminnesota@gmail.com). Enter "Campground" in the subject line of your email. **Please note that photos submitted to BCH-MN as part of the Fill the Campground Campaign are submitted with implied permission to publish on social media and or printed materials.**

**What will BCH-MN do with my nomination?:** After reviewing your nomination, BCH-MN will include it in a database of facilities, from which we will choose one or more each month to feature on social media and in direct communication out to BCH-MN members to encourage the equestrian community to visit and use. Then, at the end of September, 2026, BCH-MN will select 12 nominations with picture(s) to feature in a 2027 BCH-MN Fill the Campground Calendar! Copies will be made available and sold as a fundraiser.

**What do I get for nominating?:** As a thank you for each nomination, you will receive an emergency information mane tag that can be braided into your equine friend's mane. Your nomination will also be considered for publishing on the BCH-MN 2027 Fill the Campground Calendar. If your nomination is chosen for the calendar, you will receive a free copy of the calendar!
